FOREWARD

There is one happy characteristic about our carnival; no one is either too young or too old to enjoy it, and this sixth annual event contains the maximum in charm, music, and appeal for everyone. It is growing in popularity as the membership has steadily increased. This year the total enrolment is 268. There are 32 Senior members, 67 Intermediate members and 169 Juniors. The large number of junior members argues well for the future of our club.

Miss Shirley Charron, our professional instructress, has spared no effort to teach the art of figure skating to all who wish to participate. As our membership increases and as the artists become more proficient, we can expect an increasingly dramatic and spectacular performance.

The directors of this Club express their appreciation to all members of the Carnival Committee who have worked faithfully for the success of this event.

Thanks are also due to the merchants and the manufacturers who have supported us so generously by their advertisements in this programme.

We take great pleasure in welcoming you all this evening and here it is for the approval of the young and the young in heart - - Ice Revue of 1955.

ALBERT DUVALL,

President Ingersoll Figure Skating Club.
